Sponsor a Star

The HAHS Planetarium is funded completely by community support. Funds, which are managed by the HASD Foundation, must be continually raised to maintain operations which include keeping software up to date and purchasing licensing for a variety of modules for multiple age groups and audiences.

To this end, donations for the Planetarium are always welcome and donors are invited to "Sponsor a Star". A donation of \$1,000 will be recognized with a die-cast star engraved with donors name or word choice. We would like to thank current Star Sponsors: Andrew and Chris King, Thomas Ayers for "All God's Children", Jill Dillman-Stull, Ryan Stull and Nathan Stull.
